

A cultural arts centre for our area:

The opportunity is now!

IMAGINE WHAT WE CAN DO TOGETHER!

The Cobequid Cultural Society invites the public to attend a consultation about a proposed regional cultural arts centre attached to the new high school that will replace Charles P. Allen High.

The “vision so far” — a multifunctional creative learning and performance centre serving the school and the Cobequid Region (Northwest HRM and beyond), based on a strong education and community partnership.

A place for theatre, music, dance, performance, school musicals, conventions, festivals, corporate and community events: “It’s more than an auditorium!”
